1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: Citristrip Safer Paint and Varnish Stripper Aerosol  
Company Name: W. M. Barr  
2105 Channel Avenue  
Memphis, TN 38113  
Phone Number: (901)775-0100  
Web site address: www.wmbarr.com  
Emergency Contact:  
3E 24 Hour Emergency Contact: (800)451-8346  
W.M. Barr Customer Service: (800)398-3892  
Intended Use: Paint/Varnish Remover  
Synonyms: ECG73807, ECG73807P  

Additional Information  
This product is regulated by the United States Consumer Product Safety Commission and is subject to certain labeling requirements under the Federal Hazardous Substances Act. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS). The product label also includes other important information, including directions for use, and should always be read in its entirety prior to using the product.

2. HAZARDS IDENTIFICATION

- Flammable Aerosols, Category 2  
- Gas Under Pressure, Liquefied gas  
- Acute Toxicity: Oral, Category 4  
- Acute Toxicity: Inhalation, Category 4  
- Skin Corrosion/Irritation, Category 2  
- Serious Eye Damage/Eye Irritation, Category 1  
- Germ Cell Mutagenicity, Category 1A  
- Toxic To Reproduction, Category 1B  
- Specific Target Organ Toxicity (single exposure), Category 3  
- Specific Target Organ Toxicity (repeated exposure), Category 2  
- Simple Asphyxiant

GHS Signal Word: Danger  
GHS Hazard Phrases:  
- H223: Flammable aerosol.  
- H280: Containers gas under pressure; may explode if heated.  
- H302: Harmful if swallowed.  
- H315: Causes skin irritation.  
- H318: Causes serious eye damage.  
- H332: Harmful if inhaled.  
- H335: May cause respiratory irritation.  
- H340: May cause genetic defects.  
- H360: May damage fertility or the unborn child.  
- H373: May cause damage to organs through prolonged or repeated exposure.

GHS Precaution Phrases:  
- P201: Obtain special instructions before use.  
- P202: Do not handle until all safety precautions have been read and understood.  
- P210: Keep away from heat/sparks/open flames/hot surfaces. - No smoking.  
- P211: Do not spray on an open flame or any other ignition source.  
- P251: Pressurized container: Do not pierce or burn, even after use.  
- P260: Do not breathe gas/mist/vapors/spray.  
- P264: Wash hands thoroughly after handling.

Licensed to W.M. Barr and Company: MIRS MSDS, (c) A V Systems, Inc.
P270: Do not eat, drink or smoke when using this product.
P271: Use only outdoors or in a well-ventilated area.
P280: Wear protective gloves/protective clothing/eye protection/face protection.
P281: Use personal protective equipment as required.

GHS Response Phrases:
P301+312: IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
P302+352: IF ON SKIN: Wash with plenty of soap and water.
P304+340: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P308+313: IF exposed or concerned: Get medical attention/advice.
P310: Immediately call a POISON CENTER or doctor/physician.
P314: Get medical attention/advice if you feel unwell.
P321: Specific treatment see label.
P330: Rinse mouth.
P332+313: If skin irritation occurs, get medical advice/attention.
P362: Take off contaminated clothing and wash before re-use.

GHS Storage and Disposal Phrases:
P403+233: Store container tightly closed in well-ventilated place.
P405: Store locked up.
P410+403: Protect from sunlight and store in well-ventilated place.
P412: Do not expose to temperatures exceeding 50 °C/122 °F.
P501: Dispose of contents/container according to local, state and federal regulations.

GHS Hazard Rating System:

\begin{figure}[h]
\centering
\includegraphics[width=\textwidth]{hazard_ratings.png}
\caption{Hazard Rating System}
\end{figure}

NFPA: This material is classified as hazardous under OSHA regulations.

OSHA Regulatory Status:
Inhalation Acute Exposure Effects:
May cause dizziness; headache; irritation of the respiratory tract and mucous membranes; nausea; giddiness; mental confusion. Intentional misuse of this product by deliberately concentrating and inhaling can be harmful or fatal.

Skin Contact Acute Exposure Effects:
May cause irritation; itching; burning; redness; inflammation; and/or cracking. May cause dermatitis in people with sensitive skin. Individuals overexposed by inhalation or skin contact may experience blurry vision.

Eye Contact Acute Exposure Effects:
May cause irritation; redness; tearing; burns; conjunctivitis of eyes; stinging of eyes and eyelids.

Ingestion Acute Exposure Effects:
Harmful or fatal if swallowed. May cause nausea, vomiting, and gastrointestinal irritation.

Chronic Exposure Effects:
Reports have associated repeated and prolonged overexposure to solvents with neurological and other physiological damage. Repeated exposure may cause dermatitis. May cause skin irritation. Contains material that may adversely affect the developing fetus based on animal data.

Additional Chemical Information: Specific percentage of composition is being withheld as a trade secret.

4. FIRST AID MEASURES

Emergency and First Aid Procedures:

Inhalation:
If user experiences breathing difficulty, move to air free of vapors. Administer oxygen or artificial respiration until medical assistance can be rendered.

Skin Contact:
Wash with soap and water. Get medical attention. If irritation persists, get medical attention.

Eye Contact:
Immediately flush with water, remove any contact lens, continue to flush with water for at least 15 minutes, then get medical attention.

Ingestion:
Do not induce vomiting. Call your poison control center, hospital emergency room, or physician immediately.

Signs and Symptoms Of Exposure:
Primary Routes of Exposure:
Inhalation, ingestion, and dermal.

Note to Physician:
Treatment of overexposure should be directed at the control of symptoms and the clinical condition of the patient.

5. FIRE FIGHTING MEASURES

Level 3 Aerosol

Flash Pt: 193.00 F Method Used: Setaflash Closed Cup (Rapid Setaflash)

Explosive Limits: LEL: No data. UEL: No data.

Autoignition Pt: No data.

Suitable Extinguishing Media: Use carbon dioxide, dry powder, water fog, or foam.

Unsuitable Extinguishing Media: None known.

Fire Fighting Instructions:
Self-contained respiratory protection should be provided for fire fighters fighting fires in buildings or confined areas. Stay away from heads of containers that have been exposed to intense heat or flame.

Flammable Properties and Flashpoint of Liquid Concentrate: 193 F

Licensed to W.M. Barr and Company: MIRS MSDS, (c) A V Systems, Inc.
Flammability Classification:

Hazards:

FLASHPOINT OF PROPELLANT: -142.5 F

6. ACCIDENTAL RELEASE MEASURES

Steps To Be Taken In Case Material Is Released Or Spilled:

Isolate the immediate area. Prevent unauthorized entry. Eliminate all sources of ignition in area and downwind of the spill area. Stay upwind, out of low areas, and ventilate closed spaces before entering. All equipment used when handling this product must be grounded or non-sparking. Do not touch or walk through spilled material. Stop leak if you can do so without risk. Prevent entry into waterways, sewers, or confined areas. A vapor suppressing foam may be used to reduce vapors. Absorb or cover with dry earth, sand, or other non-combustible material and transfer to compatible containers. For large spills, dike ahead of the spill. Vapors may cause flash fire or ignite explosively.

Clean up: Keep unnecessary people away; isolate hazard area and deny entry. Stay upwind, out of low areas, and ventilate closed spaces before entering. Shut off ignition sources; keep flares, smoking or flames out of hazard area. Use non-sparking tools. Use proper bonding and grounding methods for all equipment and processes. Keep out of waterways. Be cautious of vapors collecting in small enclosed spaces, sewers, low lying areas, confined spaces, etc.

Take up with sand, earth or other noncombustible absorbent material and place in a plastic container where applicable.

Waste Disposal: Dispose in accordance with applicable local, state and federal regulations.

7. HANDLING AND STORAGE

Precautions To Be Taken in Handling:

Avoid contact with eyes, skin, and clothing. Wash thoroughly after handling. A source of clean water should be kept in the immediate work area for flushing of the eyes and skin.

Keep away from heat, sparks, flame, and any other source of ignition.

Do not smoke when anywhere near this material.

Ground and bond containers when transferring material.

Do not use in confined spaces, basements, bathrooms, etc, where vapors can build up and explode if ignited by an ignition source.

Vapors are heavier than air and will collect in low areas.

Read carefully all cautions and directions on product label before use. Since empty container retains residue, follow all label warnings even after container is empty. Dispose of empty containers according to all regulations. Do not reuse this container.

Precautions To Be Taken in Storing:

Replace overcap on container after each use. Store in a cool, dry place. Do not store near flames or at elevated temperatures.
### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

</table>

**Respiratory Equipment**

For OSHA controlled work place and other regular users. Use only with adequate ventilation under engineered air control systems designed to prevent exceeding appropriate TLV. For occasional use, where engineered air control is not feasible, use properly maintained and properly fitted NIOSH approved respirator for organic solvent vapors. A dust mask does not provide protection against vapors.

**Eye Protection:**

Safety glasses, chemical goggles or face shields are recommended to safeguard against potential eye contact, irritation, or injury. Contact lenses should not be worn while working with chemicals.

**Protective Gloves:**

Wear gloves with as much resistance to the chemical ingredients as possible. Glove materials such as nitrile may provide protection. Glove selection should be based on chemicals being used and conditions of use. Consult your glove supplier for additional information. Gloves contaminated with product should be discarded and not reused.

**Other Protective Clothing:**

Various application methods can dictate use of additional protective safety equipment, such as impermeable aprons, etc., to minimize exposure.

**Engineering Controls (Ventilation etc.):**

Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits.

Use only with adequate ventilation to prevent buildup of vapors. Do not use in areas where vapors can accumulate and concentrate, such as basements, bathrooms or small enclosed areas. Whenever possible, use outdoors in an open air area. If using indoors open all windows and doors and maintain a cross ventilation of moving fresh air across the work area. If strong odor is noticed or you experience slight dizziness, headache, nausea or eye-watering -- STOP -- ventilation is inadequate. Leave area immediately and move to fresh air.

**Work/Hygienic/Maintenance Practices:**

Wash hands thoroughly after use and before eating, drinking, or smoking.

Do not eat, drink, or smoke in the work area.

Discard any clothing or other protective equipment that cannot be decontaminated.

Facilities storing or handling this material should be equipped with an emergency eyewash and safety shower.

### 11. TOXICOLOGICAL INFORMATION

**Toxicological Information:**
This product not tested as a whole. Refer to section 2 for acute and chronic effects.

**Chronic Toxicological Effects:**
- Reproductive Effects: TDL0, Inhalation, Rat, 116.0 PPM, 6 H, multigenerations.
- Effects on Embryo or Fetus: Fetotoxicity (except death, e.g., stunted fetus).
- Standard Draize Test, Eyes, Species: Rabbit, 100.0 MG, Moderate.
- CAS# 872-50-4: Reproductive Effects:, TDLo, Inhalation, Rat, 116.0 PPM, 6 H, multigenerations.
- Result:
- Effects on Embryo or Fetus: Fetotoxicity (except death, e.g., stunted fetus).

### 12. ECOLOGICAL INFORMATION

**General Ecological Information:**
Product not tested as a whole.
13. DISPOSAL CONSIDERATIONS

Waste Disposal Method: Dispose in accordance with applicable local, state, and federal regulations. Keep out of sewers, drains, and bodies of water.

14. TRANSPORT INFORMATION

LAND TRANSPORT (US DOT):

DOT Proper Shipping Name: Aerosols, Flammable, Ltd. Qty., Level 3 Aerosol
DOT Hazard Class: 2.1 FLAMMABLE GAS
UN/NA Number: UN1950

Additional Transport Information:
The supplier may apply one of the following exceptions: Combustible Liquid, Consumer Commodity, Limited Quantity, Viscous Liquid, Does Not Sustain Combustion, or others, as allowed under 49CFR Hazmat Regulations. Please consult 49CFR Subchapter C to ensure that subsequent shipments comply with these exceptions.

15. REGULATORY INFORMATION
